

For this month.....

Celebrate America Recycles Day— Sunday, Nov. 15th

Each November, SOCRRA celebrates America Recycles Day (ARD), a national awareness campaign about the importance of recycling. Why does such a day exist? Well, despite the prevalence of recycling programs, Americans' total yearly waste would fill a convoy of garbage trucks long enough to wrap around the earth six times! Taking the time to focus on the recycling message on days like America Recycles Day will continue to create awareness for recycling. Recycling is the easiest thing we can all do to improve our community, conserve natural resources, and create green jobs.

This year join SOCRRA on Sunday November 15th between 12:00 pm—3:00 pm at 995 Coolidge for a fun America Recycles Day event. Check out the recycling facility with tours offered every half hour and participate in the “ARD Challenges” (see right).

ARD Challenge:

Can you fill our recycling containers on Sunday Nov. 15th?

Fill our Styrofoam container! Bring your Styrofoam (no peanuts please) to see how much it takes to fill our 40 foot containers.

Got plastic recyclables? Bring in your recyclable plastics to fill our 10 yard container.

Small metal items weighing you down? Bring in small metal items like staples, paper clips, screws, nuts and bolts to see if you can fill our 5 gallon bucket.

Reminder from last month....

NO APPOINTMENTS FOR HOUSEHOLD HAZARDOUS WASTE PROGRAM AND ELECTRONICS DROP-OFF

As of September 1, 2015, appointments are no longer required to access SOCRRA's Household Hazardous Waste and Electronic Drop-off Programs.

This service is available **ONLY** to residents of our 12 SOCRRA communities as well as residents of Bingham Farms, City of Bloomfield Hills (not the Township), and City of Rochester (Rochester residents must first purchase a voucher from their city office). Residency will be verified by the attendant on site.

The program operates Monday—Friday from 8:00 am—3:30 pm (until 5:30 on Wednesdays only) and Saturday from 8:00 am—2:00 pm. The program location remains at the same address: 995 Coolidge (between 14 Mile and Maple).

Remember, your community PAYS for trash, but EARNS rebates for recycling.
