

5 Tiny Tips to Make a World of Difference:

1. Keep harmful electronics & chemicals out of the trash. Recycle them at designated locations.
2. Clearly mark recycling bins in your home & place them next to trash cans in every room.
3. Consider composting food & yard waste in your backyard.
4. Reduce your use of non-recyclable, disposables.
5. Use reusable bottles, mugs and dinnerware, enjoy and repeat.
